Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

1 A * following a place name indicates that the place is also a FMA MCD; the false MCD name is not shown.

2 In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a "99" suffix. As another symbol appeared in the 1990 maps locating a crew-of-vessel tract, these maps show a very small area symbolized as a census tract with the census tract number shown near the area.

3 A * following a block number indicates that the block number is repeated elsewhere in the block.

II. legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and the 1990 boundaries to the updated datum.
